## Traditional Japanese patterns with a sense of fun

### Arrows and rabbits

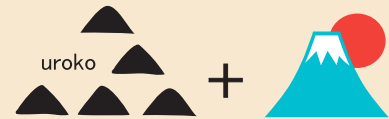

This pattern of straight arrows all pointing in the one direction are said to bring good fortune.

### Ichimatsu and Ninja

Ichimatsu is a geometric checkered design.

### Fish Scales and Mt.Fuji

This pattern represents fish scales, said to be helpful for greater purification.

### Blue sea waves and whales

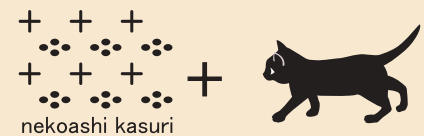

This geometric fan pattern represents waves on the blue sea. The calm waves express peacefulness.

### Shippou and squirrels

The eternal circles of the Shippou pattern represent good luck.

### Cat's paw prints and plus

This humorous design makes us think of a cat's paw print.

### Pots and the universe

The simple classic pot design, often used for the Japanese tea-things.

### Plum flowers and bees

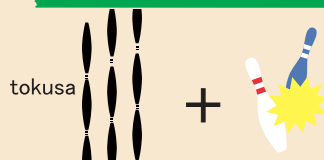

This geometric floral design of 5 circles represents the plum flower.

### Antarctica and Kikkou

The geometrical pattern of hexagons are similar to that in a tortoise shell "Kikkou". Kikkou is said to bring good future.

### Horsetails and bowling

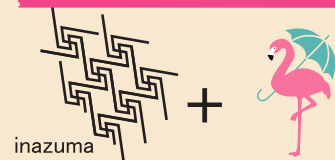

This pattern represents plants called horsetails. Those are growing in straight lines and said to bring good fortune.

### Pandas and grilles

The criss-cross pattern allows for ever changing designs when varying the line thickness and length.

### Lightning and flamingos

This design represents thunder and lightning.
